

Graduate Diploma in Business, Law & Social Science
The University of Sheffield entry requirements for 2010 entry

The table below shows the progression options available to students completing a Graduate Diploma programme in Business, Law & Social Science at Sheffield International College. **Please note** some departments require you to have completed certain modules (see Module Requirements column in the table below). If you have not studied and completed the required modules at the required level, you will not be able to choose that particular course.

If you are considering changing your progression choice to one of these courses, please make sure you have read the course information online at www.sheffield.ac.uk carefully before making your choice. You will need to discuss your wish to change progression route with your Learning Support Tutor, and complete a Change of Progression Form which will be sent to your Programme Leader.
